Forum of the Third Paradise

Live stream

This new digital presentation of the Forum of the Third Paradise provides students with an opportunity to explore the art practice of Italian master, Michelangelo Pistoletto. Students will explore the development of this work as a change agent for positive practice and sustainability in their communities. It will be delivered in three modules over the course of the festival, with a combination of on demand and live streamed content.

Suitable for

Years 10–11

Subject areas

The Arts, Ethics & Sustainability
