Mark Buys

Composing for the Screen

Come behind the score with internationally renowned screen composer, Mark Buys, to discover how students can find a wider audience for their music through the screen.

Mark will provide senior secondary students of music and technology (and their teachers) with insights into how music composition plays a central role in screen-based productions, whether it be film or gaming experiences.

Date	Wednesday 10 May 2023
Mode	Livestream
Suitable for	Years 10–12, Music and media teachers
Subject areas	The Arts, Media Arts
